

We hope this letter finds you and your family in good health. Our community has been through a lot over the past year, and all of us are looking forward to resuming our normal habits and routines. While many things have changed, one thing has remained the same: our commitment to your safety.

Infection control has always been a top priority for our practice, and you may have seen this during your visits to our offices. Our infection control processes are made so that when you receive care, it is both safe and comfortable. We want to tell you about the infection control procedures we follow in our practice to keep patients and staff safe.

Our office follows infection control recommendations made by the American Dental Association (ADA), the U.S. Centers for Disease Control and Prevention (CDC) and the Occupational Safety and Health Administration (OSHA). We follow the activities of these agencies so that we are up to date on any new rulings or guidance that may be issued. We do this to make sure that our infection control procedures are current and adhere to each agencies' recommendations.

You may see some changes when it is time for your next appointment. We made these changes to help protect our patients and staff.

- When you arrive in the parking lot: text or call:
Roanoke-540-986-5202
Daleville-540-986-8013
Vinton-540-524-0283
Remain in your car until the office contacts you.
- Only the patient with an appointment will be permitted in the office. All others should remain in their vehicle (certain exceptions will apply).
- We have hand sanitizer that we will ask you to use when you enter the office. You will also find some in the reception area and other places in the office for you to use as needed.
- We are asking you to wear a mask when you come to our office.
- You may see that our waiting room will no longer offer magazines, children's toys and so forth, since those items are difficult to clean and disinfect.
- Appointments will be managed to allow for social distancing between patients. That might mean that you are offered fewer options for scheduling your appointment.
- We will do our best to allow greater time between patients to reduce waiting times for you, as well as to reduce the number of patients in the reception area at any one time.

We look forward to seeing you again and are happy to answer any questions you may have about the steps we take to keep you, and every patient, safe in our practice.

To make an appointment, please call our office at Roanoke 540-989-1170, Daleville 540-992-1004, Vinton 540-342-8756, or website at <https://dentistroanoke.com/>

Please update your patient medical history form or new history form on-line before you arrive. It is especially important to complete the Covid-19 portion patient medical history form or new history form on-line before you arrive.
